CPR/FA Please note when there are less than 25 children in care, there needs to only be enough child care personnel, with the CPR certification and first aid training, to meet the ratio requirements. For instance, when the number of children present only requires two staff to meet ratio, then only two staff will be required to hold current CPR/First Aid; and when only one staff is needed to meet ratio, then only one staff will be required to hold current CPR/First Aid certification.
